358 High Security Fence Sliding Gate/ Suspended Gate/Tracked Gate

The 358 Security Fence Sliding Door is a high-end access control solution specifically designed for high-security areas. It adopts the identical panel material as the 358 security fence, ensuring the security and uniformity of the entire protection system. With its outstanding anti-climbing, anti-intrusion and anti-shearing performance, this sliding door system has become an ideal choice for places such as prisons, military bases, airports, nuclear power plants, logistics warehouses and important industrial facilities.
